

ESWAR BHARATH MARRI

Electronics & Communication Engineer | Software Development Enthusiast

+916281450770

West Godavari, Andhra Pradesh

eswarmarri6285@gmail.com

PROFESSIONAL SUMMARY

Recent Electronics and Communication Engineering graduate with experience in software support, Java, Python, and web development. Built and deployed a real-time multiplayer application and used AI-assisted development workflows to improve debugging and delivery speed. Seeking roles in software engineering, technical support, or backend development.

EDUCATION

2021 - 2025

Sri Vasavi Engineering College

Bachelor of Technology

Electronics and Communication Engineering
CGPA :- 8.72

2019 - 2021

Sri Chaitanya Jr College

Board of Intermediate Education

MPC
Score :- 935

2018 - 2019

Akshra High School

Board of Secondary School Education

CGPA :- 9.7

PROJECTS

Multiplayer Housie (Tambola) Application

Tech Stack: Android Studio, Java, Real-time Game Logic Developed a multiplayer Housie (Tambola) application using Android Studio. implemented ticket generation, gameplay flow, and real-time interaction features. Designed an interactive and user friendly mobile interface. Focused on improving game performance and user experience through testing and debugging.

Power-Efficient High-Speed Gate-Level Full Adder Design

- Designed a high-speed, low-power full adder circuit.
- Enhanced performance for portable electronics and advanced processors.

INTERNSHIP

Jan 2025 - Aug 2025

ASM, Technologies

Software Support Engineer

- Assisted in software troubleshooting and operational support activities.
- Managed reports, documentation, and issue tracking.
- Collaborated with senior engineers to improve support workflow.
- Worked with internal software tools and reduced manual effort.

SKILLS

- **Programming** : Java, Python, C, JavaScript
- **Web Development** : HTML, CSS, Node.js, Socket.io
- **Development Tools and Platforms** : Git, GitHub, Android Studio, Render
- **Engineering Tools** : Cadence, Mentor Graphics, Arduino UNO
- **AI & Productivity** : AI-assisted Development, Prompt Engineering, Debugging, Research Automation
